

Child Registration (Birth through College)

Thank you for taking the time to register your child(ren). This information on the congregation's children will help the Board of Child Discipleship plan for the year ahead and easily relay information about relevant activities to parents. If you are registering an *adult* child it will also help make sure that they stay connected to other WELS congregations and campus ministries throughout the semester.

If necessary, please use additional forms for your family.

Forms can be **returned to Pastor Wolfram or placed in Amanda Jordan's mailbox**. Thank you!
